I think the easiest way to get there from the hotel is to get on I-494 going East, turn North on I-35W, get off at the 35th St - 36th St Exit, make a left on 35th and keep going for about 14 blocks until you get to Colfax, then make a left. It's the house on the corner of 36th with the party inside. But don't quote me.
