Minicon 37 Hotel Map

A note about our Consuites:

The Hilton asks that we keep all beverages and munchies from the Minicon consuites in convention space, and not carry any of our drinks or other consumables down to the first floor of the hotel. Thanks for remembering this!

Minneapolis liquor laws apply to the function space on the second and third floors, which means Minicon has to stop serving alcohol on the third floor and remove all open containers of alcohol (including empty containers) before 1:00 AM each night. We plan to have bheer in the Consuite Suite on the 21st floor after hours.
