# BOZO BUS TRIBUNE!

And no, it is not Voothe, a really short Rune, or an issue of Tales of the U..., it's very homemade.

Thank you for attending Minicon 40; thanks to the swelling Avenue Kinko's for staying open on Easter Sunday,

(Happy Easter.)

If you are new to Minicon, there has sometimes been a daily mimeo'd page called the Bozo Bus Tribune with various pieces. I have not seen one yet this weekend, and heavens, if we can remember MPLS IN '73 we have to remember other areas like Fred Haskell's music and Bob Tucker's "SMOOTH" and...

Two of the regis. volunteers told me yesterday that the badge numbers started at 100 there were around 403 pre-regis. folks and by 2 pm sat almost 94 at the door real good deal.

Henry used to write about vignettes of the big city.

We noted over the weekend that Steve Brust still enjoys a smoke; that he is not aged that there was a huge line for Terry's autographing; that Fastner & Larson have an incredible # of paintings & sketches; that the con needs more volunteers, even today, Easter Sunday; and that Folk Underground and their guest performers make really good music.

A beyond-traditional hello to the still-out-of-towners Emma and Will!
