

Minicon 13

THE BOZO BUS TRIBUNE

ANOTHER SMALL COG IN THE MINN-STE PUBLISHING EMPIRE
SPECIAL FRIDAY THE 13TH EDITION.

Edited and written by Garth Danielson. Material from various and sundry sources.

Missed Committee Assignments and people who were left off of the program list.

Louie Spooner-Art Auction and Registration
Rick Gellman-Programming.

There are the standard excuses and appology's but it's too late the roast beast is dead.

Dave Romm wanted a reminder that the Sri Lanka Curry House, Central and 18 $\frac{1}{2}$ NE is offering a 10% reduction on their meals to anyone wearing a con badge. Great, Eh.

There is a resturant gyuide at the Freebee table. It's pretty easy to recognize as it's the only long odd shaped piece of paper there.

The Cheese Shop in the lobby apparently has some nice things and I was asked to run the hours through this , they are 10-6 pm I guess. They aren't posted but the little flyer that they give out says 10-6 so that must be it. If I sound confused it's because I am. Seems there is a strange Minicon plague going around so watch who you kiss. This is nothing to get alarmed about as this happens every year. Talk about tradition.

Join the Gophers--see the con from the inside.

Reminder--wear your badge, the blue meanies are out. They'll get you if you don't.

After the registration closes for the day down here, it reopens aloft (if the 12th floor can be considered aloft) and you can buy all the goodies up there. Goodies are: memberships, frisbees, t-shirts, and autographed Sturgeon books. (How they got that fish to write I'll never know).

Registration would like to mention that if you find any badges or have lost a badge please return or pick it up there, the latter provided someone turned it in.

There is also a message board and a freebee table in the registration area.

There was a glaring and embarrassing mistake in the program book...Michael Von Flamin was listed as Eric Von Flamin. Wrong wrong wrong, slap our wrists. Ouch.

Since Carol Kennedy is sick and it looks like she is going to miss the con, her friends would like people to go out and buy her a card or something to let her know they are thinking of her. Get well.

The Mimeo Room will be open often and there will be something or someone there to do the work.

BOZO BUS STARBUKE

SATURDAY EDITION

E. Rance

There will be no pocket program, contrary to last night's announcement. The one in your program book has been judged Ghod Enough. However, certain panelists do not have their names listed in the program book, so the following is a list of additions to the listed program.

Saturday, 1 pm - High-Tech Fanac features Michael Butler, David Cargo, Tom Digby, Tullio Proni, and Jon Singer.

Saturday 2 pm - History of the Future spelled out by Gordon R. Dickson, Clifford D. Simak, and Theodore Sturgeon. And Lester Del Rey.

Saturday, 2:30 - The anti-cat faction would rather be known as the pro-nonfeline faction.

Saturday, 3 pm - George RR Martin joins Jim Frenkel and Joe Haldeman for "SF in the Public Eye".

Sunday, 1 pm - The fan panel includes Rusty Hevelin, subbing for the absent Bob Tucker.

Sunday, 1 pm - Bob Asprin and George RR Martin will also be in the workshop which already includes Gordon R. Dickson and Joan Vinge.

MASQUERADE -- We don't have a live fannish band as was hoped for, but we do have an excellent program of prerecorded music culled from the libraries of Bev Elmshauser and David Emerson, with important additions by Mike Wood, Shelby Hockert, and Vera Matich. Science fiction music predominates, with a few (actually, a lot) surprises thrown in to keep things moving.

Although there will be no official costume contest (with showings, judges, etc.), rumor has it that the Microprogramming Squad will be doing something special to recognize good costumes. You may also attend the dance disguised as a Minicon attendee -- the only special outfit required is your name badge.

Credit Where Credit Is Due: David Emerson wishes to thank Dave Romm, Microprogramming Honcho, as well as Rick Gellman (who helped develop the concept of icoprogramming), Doug Friauf, and Brian Wesley for their help on the Programming Subcommittee.

The Backside.

This is the last chance that I'll have to thank all the people who did a great job in filling up the mimeo room.

YOU PEOPLE DID A GREAT JOB.

There are copies of Vootie 15 $\frac{1}{2}$ available in the mimeo room and they cost \$1 per copy.

Why should you buy one you ask: In order to have all this neat art and it's limited(all 100 copies of it) and it's crazy and fun.

Art by Larry Becker, Richard Larson, Ray Allard, Ken(Linda's friend) Fletcher, Jay Kinney, Stu Shiffman, Jeanne Gomoll, Joan Woods, Sarah Prince, Teddy Harvia, Kathy Marschall.

Proceeds from this go to the mimeo room and the better half transfer fund. Good and just causes.

Miniconapa needs help collating and stuff but hopes to be done in the early afternoon. Extras can be had for 25¢.

Will the real Teddy Harvia stand up.

Thanks to Joyce Scrivner and Ed Romx for the use of their typers in the mimeo room. It was much appreciated.

If you had cause to use the mimeo room this weekend please tell the committee that you really liked it, no matter what you thought and help bring us back next year. It does keep the artists off the street and in your back yard where they belong.

Best Mimeo Room letter of recommendation:

Dear Minicon com--

I liked the Mimeo Room. Uncle Garth helped me print stuff and kept me off the streets. I have reformed and will do everything I haven't finished yet, REAL SOON NOW, Please give more Mimeo Rooms.

--Ken Fletcher

Not a paid political announcement.

To Fred Haskell:

From Dave Wixon:

YOU ARE.

This has been one great con, I have been royally entertained by the people here, it's been neat, wonderous, electric, crazy, hectic, dazed and confused for so long it's not true, arty, silly, wonderful(not the same), etc.

THANKS FOR BEING HERE AND THINK INK.

Joyce H. Scrivner
