

Minneapolis in 2073 Progress Report I: July 2010

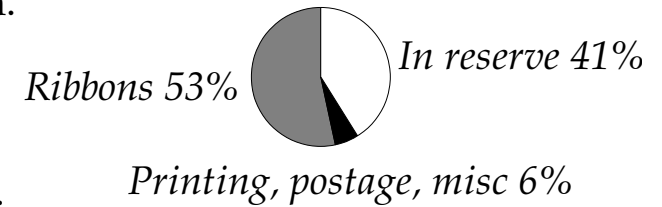

Our Progress

Welcome to Minneapolis in 2073: a bid for the 131st Worldcon! Since we launched our bid in July 2009, we've visited 13 conventions and signed up 217 members (see reverse). We've raised enough funds to start running our own bid parties (instead of just piggybacking on Minicon's). For our first, come see us Friday July 30 at Diversicon in St. Paul (see diversicon.org). In Chicago? Find us at Windycon.

Where Does the Money Go?

Some people seem surprised that we're raising money so early and wonder what we could be doing with it. See the handy-dandy pie chart for answers.

Some people have opted to pay for their memberships with items less readily spendable than modern currency. We also have in the treasury 1g silver, 1 French Franc, tuppence, coupons with cash value 0.3¢, an uncashable check for \$2.073, a very short story on a business card, a small rock, and the ghosts of two chocolate 50¢ coins and a peanut M+M; these are not included in the pie chart.

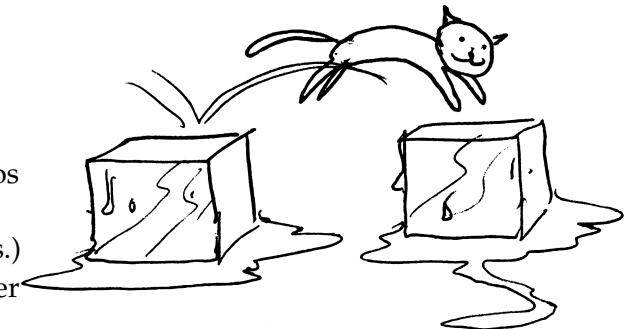

Getting Future Progress Reports

Do you not remember pre-supporting? Or did you just want a free ribbon and not mail? To *unsubscribe*, write to mpls2073@mnstf.org or **Minneapolis in 2073, PO Box 8297, Lake Street Station, Minneapolis, MN 55408**. We sent this to what you called your most useful address. Did you get it on paper, but want to save trees? Electronically, but want something that will last 63 years? Want it both ways? Do you need a large print version? Write us to change your mailing preference. Is your most useful address neither postal mail nor e-mail? These are the methods we currently use, but let us know. As technologies evolve, we'll support others as practical.

We hold bi-monthly parties called "meetings", usually 1st & 3rd Saturdays, next is a picnic July 17 at Minnehaha Falls: see mnstf.org/einblatt
