## ARCANA 2020

### October 2-4, 2020

Decongestant is a small SF/F convention geared primarily towards relaxation, with good food & drink, music, 24h gaming, and a teen room. This year in addition to our regular light programming, we are featuring ARCANA, the convention that celebrates The Weird, The Macabre and The Dark Fantastic.

For further information about past Arcana conventions, please visit [arcanacon.com](http://arcanacon.com)
