

MINICON 4

ASTRONOMICAL ART

If you have seen my Astronomical Art paintings at the Minicon and many other science fiction conventions, you may be interested in other forms and applications of the works. I have available a **COLOR SLIDE CATALOG** showing 208 black and white photos of 2x2" slides (the slides are in full color, of course) for 50¢, including a sample slide. The slides sell for 25¢ to 35¢ depending on quantity ordered. **SCIENCE FICTION RADIO PLAYS** is a catalog of over 150 radio plays of the old classics, available for 50¢. The tapes are custom copied for about \$3.00 per hour on reels and cassettes. **GREETING CARDS** of the astronomical art subjects are shown in a brochure sheet, with a sample card, sent for 25¢. An occasional catalog sheet showing a new group of paintings for sale will be published every three or four months, and the next one is scheduled sometime this summer, 25¢. Paintings range in price from \$20 to \$50, with an occasional one of exceptional value somewhat higher; crating and shipping is extra.

Other publications planned have been delayed due to the great number of new paintings (over 250 in the past two years) for conventions and collectors; a lot of work has been done on the long-awaited first issue of **ARTS AND INFINITY** magazine, the second slide catalog, a second tape catalog, and bookplate line. If you would like to be notified of the publication date of any of these, send an addressed envelope or card to me.

THE BANQUET

The banquet will be served buffet style. This means that you get all you can eat for \$5.95. The entrees are Yankee Pot Roast of Beef, and Spaghetti with Meat Sauce. Along with these, you get Assorted Cold Meats, Assorted Cheeses, Sliced Tomatoes, Relishes, Fruit Salad, Herring, Potato Salad and Snowflake Potatoes, Tossed Garden Salad, Homemade Rolls and Butter, and Dutch Apple Pie, with your choice of beverage.

Remember that a banquet ticket not only entitles you to the meal, but also reserves for you the best seats for the Guest of Honor speech and the production of HMS Trek-a-Star.

Guest of Honor Lin Carter

Lin Carter at the St. Louis
masquerade ball,
St. Louis, 1969

About a year ago, I sat down and began to talk to several local fans about a Guest of Honor for this year's Minicon. We all decided that someone who had been working in fantasy should be honored at this year's convention. "Who's the person that's doing the most for fantasy right now?" we asked ourselves.

We all replied, "Lin Carter and Ballantine Books."

Lin has been writing fantasy for several years now, and the Ballantine people have been publishing both SF and fantasy since 1951 or so. Lin, who has been doing scholarly research on fantasy since 'way back in the 'fifties as well (see his apocryphal notes on H. P. Lovecraft in Something About Cats, Arkham House, 1958, for example), has been editing the Ballantine Books Adult Fantasy Series since its inception in 1969. All in all, we thought something had to be done to reward all this effort. Lin and Ballantine are responsible for bringing out the first paperback collections of the work of Clark Ashton Smith, for the first reprinting in more than 80 years of Morris' The Well of the Worlds, and so much more, that we invited Lin to be the Guest of Honor at this year's Minicon.

Lin Carter's Guest of Honor speech, "The One Fixed Point in a Changing Age," will be delivered after the banquet, the evening of Saturday, 18 June.
